INDEX TO VOLUME VII

Compiled by
W. E. BICKLEY
Virginia Department of Health

Subject Index

Abstracts
see Reviews and Abstracts
Aedes aegypti
DDT against larvae, 67
Aedes lateralis
DDT larvicides, 4
Aedes vexans
DDT larvicides, 4
Aerosols
ground generator in Calif., 58
measurement of droplets, 29
particle size in, 22
Aircraft disinsectization in the South Pacific, 108
Airplane spraying with DDT against salt-marsh larvae, 103
American Association of Economic Entomologists
approved common names of insects, 71
Anopheles quadrimaculatus
DDT against larvae, 67
Approved common names of insects, 71
Association news, 22, 160

Bibliography
see Literature
British Guiana
mosquito and malaria control in, 73

Caribbean area
mosquito and malaria control in, 73, 157
Common names of insects
approved by American Association of Economic Entomologists, 71
Control of anopheline larvae with DDT-oil mists, 123
Culex quinquefasciatus
DDT against larvae, 67

Dakar
mosquitoes collected in, 110
DDT (see also Reviews and Abstracts)
insect control with, 18
larvicides compared with phenothiazine, 14
larviciding for anopheline control, 139
namesake in Dutch Guiana, 55
pre-hatching applications against *Aedes* larvae, 4
toxicity to three species of larvae, 67
Disinsectization of aircraft and ships in the South Pacific, 108

Editorial, 41, 84, 121, 168

Equipment for mosquito control
ditch digging, 1
thermal aerosol generator, 58

Generator, thermal aerosol, 58

Insect control with DDT, 18
Insects, approved common names, 70

Jamaica mosquitoes, 78
Japan
mosquito control problems in, 7

Larvicidal oils, nonspreading of, 11
Larvicides
against snow-water mosquitoes, 154
DDT, 67
DDT compared with phenothiazine, 14
Latin America
malaria control in, 144
Literature for mosquito control workers, 48, 96, 129, 174

Malaria control
in Caribbean area, 73, 157
in Latin America, 144
Malaria mosquitoes
larviciding, 139
Measurement of aerosol fog droplets, 29
Mosquito control
in Caribbean area, 73, 157
larviciding for *Anopheles* control, 139
problems in Japan, 7
Mosquitoes
collected in Dakar, 110
in Jamaica, 78
in Pennsylvania, 76

New Jersey light trap
separation of mosquito catches, 152
News and Notes (see also Reviews and Abstracts), 36–40, 81–83, 116–118, 166–167
Nonspreading of larvicidal oils, 11

Pan American conference on malaria, 116
Particle size
in sprays and aerosol fogs, 22
technique in study and measurement, 29
Pennsylvania mosquitoes, 76

Phenothiazine and DDT larvicides compared, 14
Pre-hatching DDT larvicides, 4

References
see Literature
Reviews and abstracts (see also News and Notes), 42–47, 87–95, 122–128, 170–173
Aedes atropalpus
laboratory reared, 126, 173
and *Plasmodium gallinaceum*, 43
Aedes geniculatus, hatching of eggs, 45
Anopheles maculipennis var. *atroparvus*, biology, 44
Anophelines in Gran Canaria (Canary Is.), 42
Australian anophelines as malaria vectors, 171
Benzene hexachloride larvicide, 42
Bibliography of aviation in economic entomology, 95
Deane et al., Brazilian anophelines, 45
DDT against *Aedes aegypti*, 173
DDT against blow flies, 171
DDT against rat ectoparasites, 124
DDT against roaches and bedbugs, 170
DDT dusts, DDT-oil sprays and Paris green dusts against anopheline larvae, 123
DDT larviciding and wildlife, 171
DDT, residual toxicity, 170
DDT sprays against house flies, 124
DDT sprays as larvicides, 172
DDT against mosquitoes
technique and apparatus, 172
DDT and veterinary medicine, 122
Drought resistance of mosquito larvae and pupae, 126
Ecological picture of *Anopheles tarsimaculatus* in N. E. Brazil, 94
Fish *(Xenopus)* against mosquito larvae, 91
Garcia's Anophelines of Venezuela, 124
Haemagogus in laboratory, 173
House fly populations, 171
Inactivation of DDT in larvicides, 170
Insecticide situation, 42
Spanish translation, 93
Malaria of the Andean region, 92
Migratory habits of salt-marsh and anopheline mosquitoes, 125
Mosquito distribution in the Pacific area, 92
Mosquito larvae and pupae and experimental drought, 126
Mosquitoes of Okinawa and Islands in the Central Pacific, 88
Night-time resting and biting habits of *Anopheles* in DDT treated buildings, 123
Russell et al., Practical Malariology, 87
Steinhaus' Insect Microbiology, 42
Spanish translation, 93
Story of the Mosquito (New Jersey Bulletin), 88
Tires and transportation of mosquitoes by ships, 91
Toxicity of DDT residues, 124, 170
War losses among Japanese insect collections and entomologists, 43
Xenopus laevis against mosquito larvae, 91

Salt-marsh ditch digging machine, 1
Salt-marsh mosquitoes
airplane spraying against larvae, 103
Separation of mosquito catches from N. J. light trap, 152
Snow water mosquitoes
larvicides against, 154
Sprays
airplane, 103
particle size in, 22

Technique in measurement of aerosol fog droplets, 29
Thermal aerosol generator, 58
Traps, N. J. light
separation of mosquito catch from, 152
Trinidad
mosquitoes and malaria control in, 157
